

MONTAGE WINE LIST

Over the years we have attempted to have a consistent wine list, but we have found it nearly impossible to keep just certain brands in stock. There are just too many great wines out there to just limit our selection to a certain number. So in an attempt to answer this problem we rotate and change our selections weekly so our inventory is always new for our customers. We do keep a certain number of wines in all the time but we strive to have wines that you won't find in the grocery store. If we don't have it in stock we will do our best to get it in for you. And maybe even drink it with you. Remember, after a tough day it's ok to wine a little, or a lot.
